Bethlehem is 5 years old!

A celebration evening was held in Cornerstone House on Monday 19th September to mark the 5 year anniversary of Bethlehem, House of Bread. Many people took part, acknowledging the way Bethlehem has developed over the years to include not only the foodbank but the meal ministry and the clothes/textiles ministry.

This is a testimony to the volunteers from Cornerstone, Craighalbert and Auchinloch Community Church and more recently the Church of Scotland in Cumbernauld Village.

Bethlehem is a great outreach to the local community, offering both practical and spiritual help to those in need and is widely supported by local schools, businesses and community groups.

Since 2011 over 7500 parcels have been given out and over 15000 meals served by the Friendship Café. Thursday night

brothers dwell together in unity. Psalm 133: 1***

Book Review

The Shed That Fed A Million Children.

This book follows the story of one man's desire to feed children in the poorest areas around the world, this developed into the ministry of Mary's Meals.

A book well worth reading where you can follow the journey that God led Magnus MacFarlane-Barrow from Argyll, working from a base in one of his father's shed's, to a ministry that now feeds a million children.

The amazing vision of Mary's Meals is that every child in the world should be able to receive at least one good meal every day, in a world of plenty where £12.20p can feed a child for a whole year.

A truly inspirational story that opens your eyes to see the work that God can begin through one person's obedience.

In August, many of us attended a very informative event hosted by Cumbernauld Community Police about Internet Safety.

Due to the success of the previous event the Police have indicated their willingness to host another evening event, this time about Counter Terrorism.

This will take place on Wednesday 19th October at 7pm. The aim of this presentation is to help us to understand the threat of terrorism and how we can help to keep each other safe. Information will be given about current threat levels and of the importance of personal risk assessment.
